Further information on the types of work we are looking to fund through our Small grants can be found in our [guidance](#). Please also tell us about the main projects, activities or services you provide on a regular basis, how long you have been providing these and whether you have any plans to change these in the next 12 months.

## **Are you applying for:**

- Unrestricted funding
- A project, service or salary costs

We welcome applications for unrestricted funding which can be used towards the core running costs of your organisation, but we can also consider the costs of projects and salaries if this will better meet your needs.

## **If applying for Unrestricted Funding:**

**What will unrestricted funding enable your organisation to do?**

Please tell us if unrestricted funding will simply enable you to continue your current core service delivery, or if you expect your work to evolve or expand over the next few years.

### **If applying for Project, service or salary costs:**

#### **Please tell us about the project activities, services or salary costs you are asking us to fund**

500 word limit

Please tell us if the project, service or salary you are asking us to fund is new or existing. If you are applying for the costs of a specific salary, please also provide us with a job description for the post which confirms what the role will involve/what services the postholder will deliver. If you are applying for the costs of a project or service, tell us what this will involve, where and how often it will take place, who will deliver the work and who will participate/benefit directly from the work.

#### **What outcomes/differences do you hope your work will contribute to for the people you support?**

300 word limit

We want our funding to help reduce and prevent poverty and trauma in Scotland. To help us achieve this, we need to understand what differences our funding is helping to make for individuals, families and/or communities. These differences are sometimes called outcomes or impact. By knowing what differences you hope to achieve through your work, it will help us to see how your proposed work aligns to our own strategy. Please note, we are not asking you to write formal outcome statements specifically for your application, (although you may already have these and measure them for your own purposes). We are interested to know generally what differences your work will help to make for the people you support. If you are currently in receipt of funding from us and your application is for continued funding to follow on from the end of your current grant, please use this space to tell us about the differences your work has helped to make during the current period of funding (e.g. over the past 3 years, if you had a 3-year grant).

#### **How will you know if you are making those differences?**

300 word limit

We want to know what monitoring and evaluation plans you have in place which will help you to understand what differences your work is contributing to for individuals, families and/or communities, and what is leading to those differences. The information you gather should include a mixture of numbers and stories and might involve carrying out surveys, interviews, observations, or any other way that you think will show what differences your work has helped

to make. If your application is successful, we will ask you to include this information in your End of Year and End of Grant reports. We also hope that you will use the information you gather to make continuous improvements to your work and ensure you are having the biggest impact that you can.

## **Budget**

### **How many years funding are you requesting?**

Choose an item.

The majority of our Small grants are for 3 years. Whilst we can consider up to 5 years' funding, we are likely to only award this in exceptional cases, for work which is most clearly and directly aligned to one of our funding themes and at least one of the priorities listed under that theme, and which is also recognised as leading or best practice. Please see our Small grants [guidance](#) for further information. You can also request funding for a shorter period. If successful, your funding year will run for 12 months from the date we pay your award. In most cases this will be different to the dates of your financial year.

### **Please provide a fully costed budget for this work, using our [budget template](#).**

As our revenue awards are released annually, each column year should represent a full 12 months' expenditure.

Please try to include all the associated costs of your planned work and not just those you are requesting from us. Group expenditure under summary headings, e.g. travel costs, volunteer expenses, rent/utilities. Small items of capital expenditure, e.g. equipment or materials costs, can also be included.

If applying for salary costs, please provide details of each salaried post individually and include NI and employer contributions in the total salary cost for each. For sessional staff, please provide the total cost of this under one summary heading. You can also include a proportion of your day to day running (core) costs for project specific requests and should list this as a separate item of expenditure. If you expect costs to increase year on year, e.g. due to salary increments or inflation, please show this in your budget.

**Please upload your budget here.**

## How much would you like from us in total?

£

Please confirm the total amount of funding you would like from us for the full funding period requested, which should be between £5,000 and £20,000 per year. Please provide a figure to the nearest thousand and enter only numbers. For example, if you are requesting £20,000 each year for three years, you should enter 60000. Please note that although our Small grants are for up to £20,000 per year, we will only be able to consider this level of funding for work which is most clearly and directly aligned to one of our funding themes and at least one of the priorities listed within those.

If there is a chance that they might not be available for an extended period during the standard 8-10 week assessment timeframe, you may wish to consider nominating another person.

Their details will be used as a contact point for all automated emails from The Robertson Trust, including confirming receipt of the application and our final funding decision.

This contact **MUST** be a different person to the Organisation contact noted previously.

**The application contact provided must be different to the organisation contact above.**

It is helpful for our assessment if you can tell us here about:

- any one-off or unusual items in the accounts provided which would not normally feature on a year-to-year basis;
- any large surplus or deficit recorded during the financial year;
- high levels of Net Current Assets – if these are close to, or in excess of, your annual expenditure, it would be helpful to know if this is linked to increased planned expenditure in the next financial year;
- any investments listed - it is useful for us to know whether these are property-based, or whether your organisation could access them relatively quickly to meet expenditure needs.

If you are a UK wide Charity, please provide information on income and expenditure for your Scottish operations, if available.

**If you do not have independently examined or audited Annual Accounts, please upload a copy bank statement for your organisation which is less than 3 months old.**

**Independent Referee**

If you do not have independently examined or audited Annual Accounts, please provide details of an Independent Referee below.

This should be someone who knows the work of your organisation but is not directly connected to it. This might be a local community worker, MSP or Councillor, teacher, health professional or someone from your local Third Sector Interface.

Having someone from your community vouch for your work lets us know that you are well linked in within your local community and are known to others.

*We may contact the independent referee as part of the assessment of your application or during the period of any funding we award. Please make sure you have permission to provide their details and that they are happy for us to contact them. We will store their details until any grant we award comes to an end.*
